1 Introduction

You can and should cross-reference sections and sub-sections.

The remainder of this paper is structured as follows. Section 2, Section 3, Section 4, and Section 5.

2 Data

2.1 Number of Crimes Committed in 2020 in Toronto Neighbourhoods

2.2 Neighbourhood Profiles, 2021 (158 Model)

2.3 Combining Crimes, Income and Population Data

Some of our data is of penguins (**?@fig-bills**), from Horst, Hill, and Gorman (2020).

Talk more about it.

And also planes (**?@fig-planes**). (You can change the height and width, but don't worry about doing that until you have finished every other aspect of the paper - Quarto will try to make it look nice and the defaults usually work well once you have enough text.)

Talk way more about it.

3 Results

3.1 Toronto Neighbourhoods Crimes Committed in 2020 Statistics

3.2 Toronto Neighbourhood Profile Based on 2021 Census Data

3.3 Relationship Between Crimes Committed and Neighbourhood Population

3.4 Relationship Between Crimes Committed and Neighbourhood Income

4 Discussion

5 Conclusion
